

English

This term we will be creating shape poems, also known as concrete poems. After exploring the literary devices to include in our poems, the children will create their own poems.

We will be describing characters from Aladdin, which link with our production.

We will be looking at paintings by artist Anne House and using these to create detailed descriptions.

Maths

In maths we will be using concrete, pictorial and abstract methods to develop our understanding of decimals. We will be consolidating all of the areas we have learnt this year, including shape and measurement. We will be investigating maths challenges where we need to justify our answers.

Art, DT

We will be developing and researching props needed for our production.

We will begin to create these props.

We also have our art week where we will work in small groups with Edwina. In class we will be exploring cross stitch.

Science and ICT

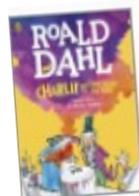

In Science this term we will be investigating forces. We will be investigating:

What makes things move?

How can we slow down falling objects?

Does the shape of an object affect its movement in a liquid?

In ICT we will be exploring coding using the Purple Mash program.

May the force be with you
Beech Class
Summer Term 2 2018-19

Singing and Drama

We can't wait to perform our play Ali Baba and the Bongo Bandits with Sycamore Class this term.

We are beginning our rehearsals, working with Lizzie from the Egg Theatre.

We have a dance teacher and dance students from Norton Hill coming to teach some of us dances.

Mrs Jones will also be helping with dances.

We will be learning the songs with Mrs Adam.

PE

In PE this term, we are developing our cricket skills as well as practising for our Sports Day. PE lessons are taught by specialist coaches.

PSHE

Our Jigsaw theme for this term is 'Changing Me'. PSHE this term will be taught in individual Year groups. Our value for the term is resilience.
