Great Wall of China

Do you know where China is?

Can you find it on an atlas or using Google Maps?

The map opposite shows the route of the Great Wall of China - have you heard of it? What do you think it is?

How high do you think it is?

Use this link [here](#) to look at the Great Wall of China, you can move the view so you can change what you look at, including clicking on the helicopter to get a birds eye view.

Isn't it amazing! So big.

- Can you try and make your own Great Wall using lego or bricks - can you include the look out posts?
- Draw a picture of the Great Wall, include the hills that are all around.
