YOU

Hi, how was the weekend? Did you get out and go for a cycle ride or a walk??

The results are in for this week's Kahoot, well done CRK Repulse!

Once again if you'd like to send me questions please do!

Today's plan

Make sure you take a break and get some exercise!

If you are in a phonics group please go to your dojo group and do today's lesson.

Choose the next 5 words to practice. I'd like you to have a test at home on Friday on the 15 you've been learning so make sure you are practising.

Rainbow Spelling

Write each spelling word four times. First, write each word in pencil. Second, write each word in crayon. Third, write each word in marker. Fourth, write each word in chalk. Alternatively, write each word using four different coloured pens or pencils.

Maths

Summer term, week 3

Let me know if you aren't on Monday's lesson yet - it may be that you missed a few days so are catching up. That's absolutely fine but just send me a message to say where you are up to.

Year 4 work is [here](#) You are looking at multiplying 2 digit numbers by 1 digit

Year 5 work is [here](#) You are multiplying 2 digit by 2 digit using grid method

Year 6 work is [here](#) You are looking at simplifying fractions.

Think of this as revision for many of you. But being secure and really understanding these key maths concepts will help you so much when we return to school. If you finish your work quickly, go back to Friday's lesson and do a challenge or two

Music Week 3 Lesson 2

Today we are going to listen to a piece of music by another British composer, this is different this week as it is a choral piece of music (it's a song sung by a choir). Listen to the song then have a go at writing your own song.

Key stage 1 - if it's too much to write your song down, you may like to draw pictures then sing about them!

The lesson can be found in the link below...
