Make sure you are practicing your times tables! Little and often is best.

Have **you** read today?

Today we are thinking about what Christians believe about the importance of a good relationship with God.

Our bible verse comes from the New Testament: *I am the vine, and you are the branches. If a person remains in me and I remain in him, then he produces much fruit. But without me he can do nothing.* John c15 : v5

Jesus told His disciples stories (parables) to help them to understand His teaching; this video explains what He taught them about the importance of staying connected to Him.

Once you have watched the video, discuss the following together (if you are working independently, write down your thoughts instead):

I wonder...

- what is needed to ensure that a plant grows.
- what happens if the plant is denied any of these things.
- what happens if a fruit falls off of the plant.
- what happens if the fruit stays on a plant until it's ripe or ready to be picked.

Christians believe that knowing about and loving Jesus is like growing on the vine. To keep growing, they must stay close to Jesus and then they can share His love with others.

One way that Christians do this is by talking to Jesus; this is also called praying.

Activity: Create a prayer of encouragement for someone you know.

Here's a reminder of some of the different ways that we can pray: sing, say, dance, write, paint...

Remember to upload your work to Portfolio!
